

Running Out

Tone Stith

Ohh, yeah, oh

Last night, your phone went to voicemail about 10 times
Just like you to go missing on girls night
And you can't name no names, I'm not with those games
You know acting like they gone get you caught up
I wanna let you make it
But you make it hard
I don't wanna have to cut you off baby
How you gonna change it
Baby there's just ain't it

Cause I don't, I don't know anymore
I'm sorry, won't work, I heard that before
Yeah baby
I'm not tryna give you up (no, no)
But you're running out of love

I don't, I don't know anymore
I'm sorry, won't work, I heard that before
Yeah baby
I'm not tryna give you up (not tryna give you up baby)
Don't wanna run out of love for you

My heart is on empty (yeah, yeah, yeah)
Need your love quickly (yeah, oh)
Don't make me take it there (ohh)
Yeah I'm at the point with this relationship
It's getting out of hand, I'm tryna handle it
Cause I could see how this is gonna end
I don't wanna stop, give me all you got baby
I know deep down that you want to (yeah, yeah, yeah)
And even though, I'm not perfect
I'll work on it because I love you baby

But I don't, I don't know anymore
I'm sorry, won't work, I heard that before
Yeah baby
I'm not tryna give you up (no, no)
Come on baby
But you're running out of love

I don't, I don't know anymore
I'm sorry, won't work, I heard that before
Yeah baby
I'm not tryna give you up
Don't wanna out of love for you

Come on baby, come on baby
Come on baby, come on baby
Get with it, don't quit it
Baby, baby
Aw yeah, aw yeah
I know, know, know
Don't
I don't know anymore baby
I don't know which way to go baby

Oh no, oh no
