

When You Love Someone

Tone Stith

Mm-hmm, hmm

Didn't mean to destroy you
I know I ignored you
But I wanna be yours
And I wanna be open now, oh
Now you're emotional
How do we switch roles?
We could get closer now
It's never too late, I'm tryna believe
So let's keep the pace
I'm tryna be patient, but I keep on pacin'
We've been runnin' away from communicatin'
Baby, let's face it
It's just conversation now
No more temptation, no more misbehavin'

When you love someone, you just don't treat them bad
Oh, how I felt so sad, didn't wanna leave
You're pourin' your heart to me
How could I let this be? (Let this be)
Just needed time to see where I wanna be

I know you got pressure (Mm-hmm, hmm)
But she'll never measure (Yeah, ayy, ayy)
I know she has leverage
But I never let her come in between us
I'm gettin' better
Feelin' lesser and lesser
'Cause I kept it together
And we're better together
And with you it's immense, love
Only thinkin' 'bout what's next, love
Lay on my chest, love
Forget the rest, love
And even if it's all of your fault, oh
Should've never let her get involved

When you love someone, you just don't treat them bad
Oh, how I feel so sad, didn't wanna leave
You're pourin' your heart to me
How could I let this be?
Just needed time to see where I wanna be

Love to you
I'll make it up to you
I'll make sweet love to you
I'll make it up to you
I'll make sweet love to you
I'll make it up to you
I'll make sweet love to you
I'll make it up to you
