

Whoa

Tone Stith

Ain't no need to fuck around, ready for take-off
Hear that body makin' sounds, talk to me just like that
Make you turn that shit around, and look at me just like that
Flex like that, bring that back
Only one will get it wet like that

Seein' the way you do that shit in slow-mo (oh yeah, babe)
We ain't in these streets but she gon' go-go (girl go crazy)
I'm still in your city, come fuck with me
I know you, I know you been missin' me lately

Got you excited
I know you like it
Ready to ride it
Freaky tonight with you
You know I can't lie
Oh I
Got you excited
I know you like it
Ready to ride it
Freaky tonight with you
You know I can't lie
Oh I

Whoa, whoa, whoa, whoa, whoa, whoa, whoa, whoa (whoa)
We going way out of control
Wetting up the walls now, I got you on the floor and
Take a seat on top of me, knowin' your knees be getting weak
That Marvin Gaye gon' put you in that vibe
These next four rounds gon' really change your life
Feet up to your shoulders, go on and leave it open
All them spots, I know it cause I

Seen the way you do that shit in slow-mo (oh yeah, baby)
We ain't in these streets but she gon' go-go (girl go crazy)
I'm still in your city, come fuck with me
I know you, I know you been missin' me lately

Got you excited
I know you like it
Ready to ride it
Freaky tonight with you (tonight with you)
You know I can't lie
Oh I
Got you excited
I know you like it
Ready to ride it
Freaky tonight with you
You know I can't lie
Oh I
