

(Can't Get You) Off My Mind

Tones And I

Oh, I can't get you off my
Oh, I can't get you off my mind

You give me the good feeling, change a state of mind
I got you hooked, don't break my line, don't break my line
A world so far from yours, and you still give me time
Come on, let's stay together, there's no finish line

I can't seem to get you off my mind
Maybe in another life, another life, I've tried
I can't seem to help you find the door
You've been running, running, running 'round
'Cause I can't get you off my mind

I can't get you off my mind, can't get you off my mind
(Oh, my, my)
I can't get you off my mind, can't get you off my mind
(Oh, maybe in another life, I've tried)
I can't get you off my mind, can't get you off my mind
(I can't seem to get you off my mind)
I can't get you off my mind, can't get you off my mind
(Oh, my, my)

When I'ma need to (go, I can go)
In a minute (I already know)
Roll the carpet, jump (jump out the door)
Can't get you out my mind

Now I gotta bounce
You should know me (by now)
Good times don't (come around)
So now I gotta (bounce, now I gotta bounce)

You say the word, and I'll be ready to go
(Now I gotta)
I get the feeling that we're ready for more
(Now I gotta)
Might be a crush, but I'm just letting you know
(Now I gotta)
I wanna rush, and I'm not letting it go

I go from the West Side, you know I need something more
Me, look with the ones I love 'cause they can't see my flaws
I've been hoping you'd come through, but you walk in that door
I keep running, running 'round 'cause I need something more, need something

I came through the West Side, I need something more
I came from the West Side, you know I need something more
I keep running, running 'round 'cause you can't see my flaws
I came from the West Side, I need something more, need something

I can't get you off my mind, my mind
(No, I can't get you off my, get you off my mind)
I can't get you off my mind, my mind
(No, I can't get you off my, get you off my mind)

I can't get you off my mind, my mind

I can't get you off my mind
I can't get you off my, my, my, my mind
No, I can't get you off my mind

I can't get you off my mind, can't get you off my mind
I can't get you off my mind, can't get you off my mind
I can't get you off my mind, can't get you off my mind
I can't get you off my mind, can't get you off my mind
Off my mind
