Dark Waters

Tones And I

I get lost sometimes, I get lost sometimes
But if you ask I'll say I'm doing just fine
On those days, on those days, on those, on those days, on bad days I,
I
Got no peace of mind, got no peace of mind
The only holding me is a head-in-hands on both sides
On those days, on bad days, oh, on those days, on bad days I

Feel like I've been lost forever
Yeah, I feel like I've been lost at sea
And don't you try to find me
'Cause the tide has pulled me deep

And I don't wanna live forever in the sea
The tide keeps pulling me away from who I used to be
And I don't wanna go 'cause I think I might just be
The only person living in the sea

I get stressed sometimes, I'm a mess sometimes
Tryna sleep but I'm a wake straight most nights
On those days, on those days, on those, on those days, on bad days I,
I
Try to close my eyes, but I can feel those ties
Making sure I'm rolling, scrolling up tight now
On those days, on those days, on those, on those days, on bad days I,
I

Feel like I've been lost forever
Yeah, I feel like I've been lost at sea
And don't you try to find me
'Cause the tide has pulled me deep

And I don't wanna live forever in the sea
The tide keeps pulling me away from who I used to be
And I don't wanna go 'cause I think I might just be
The only person living in the sea

They say I don't, I don't see the world I got
But I keep rolling, rolling on
'Cause I am never happy with enough
Until I'm drowning from it all
And they say I don't, I don't see the world I got
But I keep rolling, rolling on
'Cause I am never happy with enough
Until I'm drowning from it all

And I don't wanna live forever in the sea
The tide keeps pulling me away from who I used to be
And I don't wanna go 'cause I think I might just be
The only person living in the sea
Oh, the only person living in the sea
Mmm, the only person living in the sea
