

Just A Mess

Tones And I

So I'm on my own now
Passing through faces
Stumbling through downtown
Far from the pavement
On my way to see you
What else am I going to do
I know that I'm just a mess
And you're just the person that changed my life

Time stops as I stand at your door
I'm losing focus, lost it all we had before we said goodbye
You made me cry, I won't deny that, yes
We lied and told our friends that we were fine
And played pretend but I'm so scared of being alone
And you're the only one that feels like home

I'm just a mess, now I'm just a mess
And you're just the person that changed my life
I'm just a mess, now I'm just a mess
And you're just the person that changed my life

The rain starts to come down
My hands start to shaking
I'm scared of this comedown
That I have been waiting
Anxiety creeps now
No hands there to reach out
I know that I'm just a mess
And you're just the person that changed my life

Time stops as I stand at your door
I'm losing focus, lost it all we had before we said goodbye
You made me cry, I won't deny that, yes
We lied and told our friends that we were fine
And played pretend but I'm so scared of being alone
And you're the only one that feels like home

I'm just a mess, now I'm just a mess
And you're just the person that changed my life
I'm just a mess, now I'm just a mess
You're just the person that changed my life
I'm just a mess, now I'm just a mess
You're just the person that changed my life
I'm just a mess, now I'm just a mess
And you're just the person that changed my life

Time stops as I stand at your door
I'm losing focus, lost it all we had before we said goodbye
You made me cry, I won't deny that, yes
We lied and told our friends that we were fine
And played pretend but I'm so scared of being alone
And you're the only one that feels like home

I'm just a mess, now I'm just a mess
And you're just the person that changed my life
I'm just a mess, now I'm just a mess
You're just the person that changed my life

I'm just a mess, now I'm just a mess
You're just the person that changed my life
I'm just a mess, now I'm just a mess
And you're just the person that changed my life
