

We'll See Stars

Tones And I

You said you were daylight
But there was a monster in your head
You flicker like stage lights
It's something crazy caught you there
But I wasn't worried
'Cause nothing compares, nothing compares
I might run a highlight
Of something you said, something you said, but

Mumma don't get lost on me tonight
No working all day in the city
We'll see stars, we'll see stars tonight
No, mumma don't get lost on me tonight
No, no, mumma don't get lost on me tonight
No working all day in the city
We'll see stars, we'll see stars tonight
No, mumma don't get lost on me tonight

No, no, ba-ba do-da-dum, ba-ba do-da-dum
Ooh-ooh-ooh
Ba-ba do-da-dum, ba-ba do-da-dum
Ooh-ooh-ooh

You said you were dangerous
'Cause there was a voice up in your head
Telling you that you hated us
It's something crazy caught you there
But I wasn't worried
'Cause nothing compares, nothing compares
I might run a highlight
Of something you said, something you said, but

Mumma don't get lost on me tonight
No working all day in the city
We'll see stars, we'll see stars tonight
No, mumma don't get lost on me tonight
No, no, mumma don't get lost on me tonight
No working all day in the city
We'll see stars, we'll see stars tonight
No, mumma don't get lost on me tonight

No, no, ba-ba do-da-dum, ba-ba do-da-dum
Ooh-ooh-ooh
Ba-ba do-da-dum, ba-ba do-da-dum
Ooh-ooh-ooh

Crazy, caught you, crazy caught you there
You know it's something that you said it
Caught you crazy caught you there, you there
Crazy, caught you, crazy caught you there
You know it's something that you said it caught you
Crazy, caught you there, you there

Mumma don't get lost on me tonight
No working all day in the city
We'll see stars, we'll see stars tonight
No, mumma don't get lost on me tonight

No, no, mumma don't get lost on me tonight
No working all day in the city
We'll see stars, we'll see stars tonight
No, mumma don't get lost on me tonight

No, no, ba-ba do-da-dum, ba-ba do-da-dum
Ooh-ooh-ooh
Ba-ba do-da-dum, ba-ba do-da-dum
Ooh-ooh-ooh
