

# Joy

Tonéx

[Chorus:]

Bluebird on my shoulder  
You're my four leaf clover  
Feels so good all over  
You bring me joy  
Now my friends are asking  
Why you always laughing  
I can't explain what's happening  
You bring me joy

[Verse 1:]

Joy unspeakable (and full of glory)  
It's unbelievable (check out my storu)  
See I was truly miserable, hey!  
Didn't wanna live and I really wasn't fit to die  
Introverted (and insecure)  
I didn't trust no one (and that's for sure)  
As for relationships (I shut the door)  
How did this happen?  
Thought I said that I was done with love

[Pre-Chorus:]

Love (ooh, love)  
Love (eh, hey)

It's the operative word and it's a verb, yes  
That's why all of this time I've been so darn choosy (I've been choosy)  
Beggars can't be choosy  
Your smile saw right through me  
Just like an X-ray  
You took all the pain away  
This weather is great and this feels like a movie!

[Chorus]

[Verse 2:]

Can't believe I let you in  
I locked the door from deep within  
Love is risky but I'm willing  
(Willing to take my chances)  
Those that sit and wait around  
For true love to come around  
They get pessimistic not optimistic  
Magnets for anger and end up as haters

[Pre-Chorus]

[Chorus] (2x)
