

## Since Jesus Came

Tonéx

I was so sad  
No love around  
My heart was truly broken  
And then You came  
Out from nowhere  
I haven't been the same since that day

You got my face glowin  
And I don't care who knows it  
Rivers of joy are flowin  
Ever since You came  
Band's on it  
So put your hands on it  
We got your feet stompin

Since Jesus came into my life  
He changed the darkness into light  
Alright, alright

Oh happy days  
Are here again  
Everyday with You gets sweeter  
You took my hand  
Helped me understand  
How to trust You all the way  
What a drastic change

My life, my life, my life He came into my life

I'm so happy yes I am I'm so happy that You changed my life

Since Jesus came into my life He changed the darkness into light
