

## Gotta Move On

Toni Braxton

I kinda thought, if it's important  
You would be right here, yeah  
I should've saw it, I seen the warnings  
When you couldn't be here, no

Tell me, would it burn  
Baby, if the tables turned? (yeah)  
Pardon if the tables turned  
Tell me, could you handle it?  
See I gotta, yeah

I just gotta move on (gotta move on)  
Gotta move on (gotta move on)  
Gotta move on (ah-ah, ah, ah, ah, I gotta)  
I just gotta move on (gotta move on)  
Gotta move on ('cause I'm fallin' outta love)  
Gotta move on (hey, hey-ey-hey)  
Yeah

No hesitation, you keep me waiting  
Saying you're on your way  
Oh, but I supported it, even ignored it  
When you had me waiting all day  
Ooh, I got it bad

Tell me, would it burn (so tell me would it burn?)  
Baby, if the tables turned? (if the tables will turn)  
Pardon if the tables turned  
Tell me, could you handle it?  
I know you couldn't, I gotta, hey

I just gotta move on (gotta move on)  
Gotta move on (gotta move on)  
Gotta move on (ah-ah, ah, ah, ah, gotta)  
I just gotta move on (gotta move on)  
Gotta move on (gotta find another love)  
Gotta move on (oh-whoa, hey-ey-ey)  
Yeah

I know I gotta  
I just gotta move on (I gotta move on)  
I gotta move on (I gotta move on, babe)  
I gotta move on (oh-whoa, oh-oh-oh)  
I gotta go, uh, I just gotta move on (I gotta let go)  
I gotta move on (gotta find me another)  
I gotta move on (another love, love)  
I gotta go, gotta go, baby, yeah, yeah, hey
