

# Long as I Live

Toni Braxton

Everybody's talking about you and her together  
How could you do that to me?  
And everybody's talking about all the wonderful things you do with her  
Like you used to with me

Can't you tell by the look on my face?  
I still like you that way  
Now I can hardly remember why we ever lost ties  
But I can tell  
That I love you, and I still love you

Long as I live (long as I, I can live)  
I'll never get over (you getting over me)  
It's killing me (it's killing me, killing me)  
I'll never get over (you getting over me)

If you can't be with the one you really, truly love  
Do the two step  
Everybody's talking about you and her together  
How could you do that to me?  
And everybody's talking, everybody's going on about her  
Like you used to with me

I can tell by the look on your face  
You really like her that way  
And now I'm trying not to lose my mind and start crying  
But I can tell  
That you love her, you really love her

Long as I live (long as I, I can live)  
I'll never get over (you getting over me)  
It's killing me (it's killing me, killing me)  
I'll never get over (you getting over me)  
Long as I live (long as I, I can live)  
I'll never get over (you getting over me)  
It's killing me (it's killing me, killing me)  
I'll never get over (you getting over me)

If you can't be with the one you love  
It's okay  
Cause if you can't be with the one you really, truly love  
Do a two step

Long as I live (long as I, I can live)  
I'll never get over (you getting over me)  
It's killing me (it's killing me, killing me)  
I'll never get over (you getting over me)  
Long as I live (long as I, I can live)  
I'll never get over (you getting over me)  
It's killing me (it's killing me, killing me)  
I'll never get over (you getting over me)

If you can't be with the one you really, truly love
