Is tonight's the night that you take Control of me Tell me boy, what's it really gonna be Spending time for a while Oh daddy come close, I'm straight I'm feeling your style I love the way you make me feel When you keep it real When you're holding me When you're spooning me Oh you look sexy when you're Touching Me When you're bumping me gently Sitting here waiting in my Vicky's In the mirror imaging you're with me Petit Cheri and I'm smelling real nice And Jouet could chillin' on ice Coming over at a half past ten And I'm wondering if I'm really gonna Let him in Give in Give it up Let it go

Or tell him no

Should I just give him some Maybe
Is this the night for fun Maybe

So, here it is, and he comes right in And I fix us drinks And I start to think About what I'm gonna do Will a brother be true Will he size my body up and down Can he beat the odds Can he play it safe Will he make me hot Will he hit the spot That I love a lot Will he leave me hanging lonely Desperately Will he go and tell all his friends That we did it and we did it again Had me weak between the sheets Will he say I was a real big freak Maybe I should slow it down Cool off my flow, relax And let him know if this gets out No more, no glove, no love, oh no

Should I just give him some Maybe
Is this the night for fun

## Maybe

Should I just give him some Maybe Is this the night for fun Maybe

Maybe Pretty baby Love me like a lady

Should I say yes or no
Should I just let it go
Should I slow down my roll
Let me think 'cuz I really don't know
Don't know what to do about it baby
If I do it will I regret it?
Maybe I should just forget it
What about if he ain't got no dough?
Tell me I should let him go

Maybe Should I give him some? Pretty baby Maybe
