

## No Way

Toni Braxton

Will you please let down your wall so  
I can finally come on in and see I  
Not like all the other girls that  
You have been messing with, see I

Wan to give you everything  
Will you please except my heart?  
I won't let anything, tare this love apart

I said, no way, no how, not me, not now  
I'm gonna prove my love is true  
Breaking your heart is something I won't do

No way, no how, not me, not now  
I'm gonna prove my love is true  
Breaking your heart is something I won't do

Will you please let down you walls  
'Cause they are way too high to climb  
Boy, I know your feet must hurt, baby  
'Cause you've been running through my mind

You should let me love you  
Baby, I will never let you down  
As long as you want me, I will be around

I said, no way, no how, not me, not now  
I'm gonna prove my love is true  
Breaking your heart is something I won't do

No way, no how, not me, not now  
I'm gonna prove my love is true  
Breaking your heart is something I won't do

I love you with all of my heart  
And as long I'm breathing nothing's gonna tear us apart  
I love you and I need you, nothing's gonna change my mind  
Oh, no way, no way, baby, oh

No way, no how, not me, not now  
I'm gonna prove my love is true  
Breaking your heart is something I won't do

No way, no how, not me, not now  
I'm gonna prove my love is true  
Breaking your heart is something I won't do  
No way, said no way, I said no way
