

# Please

Toni Braxton

[1st verse]

I know you watching  
All over here,  
Tryna find a way to  
Come into my situation,  
But you should know this.  
Its all good so be cool.  
I'm taking care of home, my kids are fine  
I got him locked, and he's all mine  
So you should know better than  
To think that you could ever put it down like I can.

[Chorus:]

If he needs good loving (I got it)  
If I need to heat it up (I got fire),  
Make sure I'm the best (for him), for (sure and)  
He's running home to me for it.  
And he knows what ever he wants (that I'm with it)  
And he knows the perfect place (to come get it)  
And he knows that every woman's in me.  
Fall back and just let me be.  
I got to breathe (uh oh, uh oh, uh oh) please,  
Back up off of me  
I got to breathe and just be  
Breathe, please, in case you all didn't hear me yeah yeah  
I got to breathe so let me breathe, please

[2nd verse]

You're in violation, let me help you understand,  
Before we have a problem.  
I will take it there  
When it comes to my man  
Please don't make me solve one.  
Everyday is a holiday,  
Everyday's our anniversary.  
You should think about the time you waste  
Cause my last name ain't gonna change

[Chorus]
