

Take It Back

Toni Braxton

(Verse)

If we do not like our story
We can write it just the way we want
Take it back to days of glory
And the moonlit nights of making love
I just need to know, you wanna go

(Chorus)

Baby let's take it back
Baby let's take it back
I wanna get it back
Back to the way it was
Baby let's take it back
I know we can get it back
Take it back and get back to
Back to the way it was

(Verse)

The odds are clearly stacked against us
We've been in this storm for way to long
There are many things that will test us
But we can win this fight if we just stay strong
And I just need to know, you wanna go

(Chorus 3x)

So baby let's take it back
Baby let's take it back
I wanna get it back
Back to the way it was
Baby let's take it back
I know we can get it back
Take it back and get back to
Back to the way it was

(2x)

Take it back to love
Let's get back to love
Take it back to love
