

# Believe Me

Tonic

Love, I hope you won't be late  
You know, how much I hate to wait  
Believe, my heart is in your hands  
And our life is like a song

When you sing along  
Baby let it go  
Believe me, believe me  
I would wait forever and more  
For that open door  
Believe me, believe me

Life, is more than we can know  
Faith, is something we can show  
I would love, I would lie  
I would give, I would die  
Cause our life is like a song

When you sing along  
Baby let it go  
Believe me, believe me  
I would wait forever and more  
For that open door  
Believe me, believe me

Sometimes we draw the line  
And people remain where they don't belong  
It so easy to say what you need  
Sometimes it just goes away

When you sing along  
Baby let it go  
Believe me, believe me  
I would wait forever and more  
For that open door  
Believe me, believe me

It so easy to say what you need  
Sometimes it just goes away
