

## Book Of Love

Tonight Alive

(Whoa, whoa, it's out of our control  
Whoa, whoa, so give into the chemical)  
Your last hope it echoes  
Screamin' whoa, oh  
But come down, the first blow  
It sounds like whoa, oh  
It can't be black and white  
We're on the other side tonight  
We break free, we break free  
From pain your pride  
And look into my eyes  
A love overdue  
Burn our names under this gas  
And we'll live until the sky gives up  
Watch our flame light up the dark  
They won't find us in the book of love  
A whole new dimension is waiting, whoa, oh  
Surrender intentions and watch you glow, oh  
So leave the world behind and listen to your heart  
It's time to break free, to break free  
So list your life, our love is on the line  
Forever with you  
Burn our names under this gas  
And we'll live until the sky gives up  
Watch our flame light up the dark  
They won't find us in the book of love  
Whoa, whoa  
And we'll live until the sky gives up  
Whoa, whoa  
They won't find us in the book of love  
(It's out of our control  
So give into the chemical)  
It's out of our control  
If you don't try you'll never know  
So give into the chemical  
It's never too late  
They're only testing our faith  
No, it's never too late  
Burn our names under this gas  
And we'll live until the sky gives up  
Watch our flame light up the dark  
They won't find us in the book of love  
Whoa, whoa  
And we'll live until the sky gives up  
Whoa, whoa  
They won't find us in the book of love
