

For You

Tonight Alive

For you, I'm not afraid to make mistakes
And you have never asked me once to change
Whenever I'm in doubt, you put the fire out
And we, we never need to compromise
But if we ever did, I'd take your side
Not all are great at love, but I do my best because
For you I would breathe underwater
And for you I would fly without wings
And for you I would run like the sun chases the moon
'Cause everything I do is all for you
For you, I have nothing left to ask
'Cause you have always been my better half
If love is the reason we're alive, you are my only air supply
For you I would breathe underwater
And for you I would fly without wings
And for you I would run like the sun chases the moon
'Cause everything I do is all for you
If your love could take me higher
I don't mind if I do
'Cause your eyes are wildfire
That I'll learn to run right through
And the tides will surely rise up
And I'll just look at you
I don't mind if I do
For you I would breathe underwater
And for you I would fly without wings
And for you I would run like the sun chases the moon
'Cause everything I do is all for you
I would breathe underwater
And for you I would fly without wings
Because of you I can do all that I set my heart to
And everything I do is all for you
