

Ask Anyone In Love

Tony Bennett

If adventure is on your mind
Treasure Island is yours to find
There are fortunes that can be won
Ask anyone in love

There's a corner called happiness
Down the street of a warm caress
Everyone there is kissed by sun
Ask anyone in love

True love is for beggars as well as kings
And of all the most precious things
It's the dearest to hold

Every far away paradise
Is as close your lover's eyes
What a journey just begun
Ask anyone in love
