

Coffee Break

Tony Bennett

Workin' hard is stimulating
Now arrest your contemplating
Won't be long now then you may take
That most delightful welcome coffee break

You're a modern thinking person
But you mind needs some diversion
So get ready to depart now
For that delightful welcome coffee break

Now you've got your coffee
And its hot and black too
Watch your waistline
Can't use cream

Look who's sittin' there now
Isn't that a treat now?
Sittin' next to you: a dream

Now you've had your inspiration
Coffee, cream and conversation
Back to work now no diversion
You've had a most delightful coffee break
