

# I'm Way Ahead of the Game

Tony Bennett

Lady luck, it's goodbye  
I hate to see you go  
Fireworks fill the sky  
It was quite a show  
I just want to thank you for the free ride  
Out of all the others, it was the ride

Whatever happens from here on in  
I'm way ahead of the game  
Whatever comes up, it's heads I win  
Your kiss was my claim to fame

I rolled a seven and locked up the store  
Walked into the heaven, right through the front door  
Whatever happens from here on out  
I won't be sorry that I came  
I've had the kind of adventure I read of  
I'm way ahead of the game

We shared a fun kiss, you will never recall  
But better one kiss than no kiss at all

Whatever happens from here on out  
I won't be sorry that I came  
Whatever happens, it's just like I said  
Yes, I'm way ahead of the game
