If I Love Again

Tony Bennett

I often wonder why you came to me Brought such a flame to me then let it die

And if another love should find my heart It will remind my heart of your goodbye With every new love you'll come back to me In other eyes it's you I'll see

If I love again, though it's someone new If I love again it will still be you

In someone's else's fond embrace
I'll close my eyes and see your face

If I love again I'll find other charms
But I'll make believe you are in my arms
And though my lips whisper, "I love you" my heart will not be t
rue
I'll be loving you every time I love again
