

# So Long, Big Time!

Tony Bennett

Bright lights are dimmer  
Bank roll is slimmer  
Looks like I'm down and done  
Bye bye  
I gotta run  
Bye bye

So long, so long  
Big time  
So long, so long  
Big time

I made it fine  
I made it fast  
That ain't the sign  
It has to last

Had it made for a while  
In a highfalutin style

So long, so long  
Big time  
Big dough, bright lights  
Big time

I won't pretend I am  
Glad its ended  
It was fun  
Now its done  
But I'll never sing  
A loser's song

So long big time  
I gotta run  
So long

Tell the chicks  
And tell all the cronies  
Lost it all on the cards  
And the ponies  
Tell the friends  
And fair-weather phonies  
Living high  
Tell 'em, "Bye"  
And tell 'em why

Lady Luck just gave me the brush off  
So I'll rush off  
And try a new routine

I'm a guy who rolls with the punches  
And my hunch is  
Its time to quit the scene

Tell the kids  
And tell all the cookies  
Tell the babes

And tell all the bookies  
That I knew  
That I'm through  
And when you do  
Buy a few beers for me  
Tell 'em no tears for me

So long, so long  
Big time  
Big dough, bright lights  
Big time

Ain't gonna grieve  
'Cause I must be leaving  
It was fun Now its done  
But I'll never sing  
A loser's song

So long big time  
I gotta run  
So long
