

## Someone to Love

Tony Bennett

I've got the blues  
For someone to love  
How I could use  
A someone to love

Oh, how I miss the thrill of a kiss  
The ring of a phone  
Somebody's charms to hold in my arms  
Whenever I'm lonesome

If I could find my someone to love  
I wouldn't mind those clouds up above  
Tell me am I just dreaming or can it be true  
My someone to love is you
