

## The Kid's A Dreamer

Tony Bennett

The kid's a dreamer  
You'll never change him  
His world is so shiny and nice  
But the sun's in his eyes  
His sights are too high  
You see, he's the kid from fool's paradise

The kid's a gambler  
You'll never change him  
He'll bet every roll of the dice  
And he laughs at each toss  
Increases his loss  
You see, he's the kid from fool's paradise

So kiss him goodbye as quick as you can  
And run away faster than you ever ran  
Your friend is a child who looks like a man  
Believe me, I know, I'm his greatest fan

The kid's a lover  
You'll never change him  
He'll keep juggling old shoes and new rice  
Though he talks a great game  
He won't share his name  
Stay away from the kid from fool's paradise
