

Walkabout

Tony Bennett

Walkabout
And as you wander on
Reflect and ponder on
The dreams today forgot to bring

Go somewhere where you're out of reach
Find a distant beach
Where the wind blows freely
Walkabout with me

Walkabout
And learn unwinding ways
We'll share spellbinding days

You'll know if hummingbirds are shy
And when you see a butterfly
Scribbling 'cross the sky
You will wonder, "Why?"

Come, let's walkabout
