

# You've Changed

Tony Bennett

You've changed, you've changed  
Who's to blame if things are never quite the same?

You've changed  
That sparkle in your eye is gone  
Your smile is just a careless yawn  
You're breaking my heart, you've changed

You've changed  
You're kisses now are so blasé  
You're bored with me in every way  
I can't understand, you've changed

You've forgotten the words "I love you"  
Each memory that we shared  
You ignored every star above you  
I can't realize you ever cared

You've changed  
You're not the angel I once knew  
No need to tell me that we're through  
It's all over now, you've changed

You've forgotten the words "I love you"  
Each memory that we shared  
You ignore every star above you  
I can't realize that you ever cared

You've changed  
You're not the angel I once knew  
No need to tell me that we're through  
It's all over now, you've changed

You've changed  
You've changed
