

## Heard It On The Radio \*

Tony Carey

There's a hole in my life  
and I don't know the right way to close it  
things I believed in have all crumbled one by one  
might makin' right , cries in the night  
but we chose it  
I've been deceived and I will  
wait here till they come  
they will come

and the right hand knows  
where the left one goes  
the hammer comes down -  
nobody knows  
please take a number, get in line

I heard it on the radio  
I heard it on the wind you know  
hurricane about to blow  
over and over again  
Heard it on the radio  
knew it in my heart you know  
saw it on a tv show  
saw it all fall apart

I remember a time when they  
drew me a line and I crossed it  
you left me hanging  
you ran for higher ground  
it was yours it was mine  
it was pure it was fine  
and we lost it  
or was it only that we never  
looked around - look around

and the right hand knows  
where the left one goes  
the hammer comes down -  
nobody knows  
please take a number, get in line

I heard it on the radio  
I heard it on the wind you know  
hurricane about to blow  
over and over again  
Heard it on the radio  
knew it in my heart you know  
saw it on a tv show  
saw it all fall apart

Is this all just illusion?  
Is this all just a dream?  
Do you want fission or fusion  
or do you want to talk to me  
talk to me, talk to me, baby talk to me -  
or do you want to scream?
