

I Don't Even Know Her Name

Tony Carey

She was sittin' in a corner
With a blue eyed stare
And she had that look about her
Tell me what am I doin' here
She was obviously waiting
But no one ever came
Once or twice she looked me over
Then she looked me over again

She was worn out and hopeless
And obviously lost
She said I'll make the most of this
Never mind the cost
She was drinkin' on something
Like it's goin' out of style
I was dead on my feet
Couldn't walk another mile

But you know that
People get a little lonely sometimes
People need a little love sometimes
So I walked on over and I asked her
If she like to spend some time
I don't even know her name
I don't know where I'll be tomorrow
I won't even ask her questions
I will take what I can find

And I've had my share of tears
And I've seen some better years
But she's sitting over there
I'm waiting over here
And I'll take it like it comes

And you know that
People get a little lonely sometimes
People need a little love sometimes
So I walked on over and I asked her
If she like to spend some time
I don't even know her name
I don't know where I'll be tomorrow
I won't even ask her questions
I will take what I can find

And nothing can be as lonely
As a 24-hour café
I'll be flying out in the morning
She is going her own way

I don't even know her name
I don't know where I'll be tomorrow
I won't even ask her questions
I will take what I can find
No I don't know her name
You know I don't know her name
