

I'll Be on My Way

Tony Carey

So long, what went wrong
The radio is playin' sad songs
You say you'll go or I'll go
Show me a way out of this sideshow

Can't we talk this thing out
What have we done that we can't laugh about
I've seen this game before and I still won't play
I said come tomorrow babe, I'll be on my way

On the back streets
We meet
All the runaway lovers who've got cold feet
It's not easy
It's a mystery
Show me what happened to you and me

Can't we talk this thing out
What have we done that we can't laugh about
I've seen this game before and I still won't play
I said come tomorrow babe, I'll be on my way
