

I'll Tell the World About Her

Tony Carey

I want to shout it out
I want to rocket it off all the roof tops
don't wanna leave no doubt
I want to be perfectly sure that it's clear
that she and I are back together
this time my mind's made up forever

and I want to tell the world about her
I couldn't celebrate life without her
I'll do anything that I think it takes
I never wanna lose the love she makes
I'll tell the world about her
I lost everything I had without her
my baby's back and I'm so complete
I've got the whole world at my feet

I was down and out
I was totaly knocked off my feet
I tried to shut it all out
I wouldn't admit that she had me beat
now she and I are back together
this time my mind's made up forever

and I want to tell the world about her
I couldn't celebrate life without her
I'll do anything that I think it takes
I never wanna lose the love she makes
I'll tell the world about her
I lost everything I had without her
my baby's back and I'm so complete
I've got the whole world at my feet

I'll tell the whole world about you
I'll tell the whole world about you
I'll tell the whole world about you
I'll tell the whole world about you
I'll tell the whole world about you
I'll tell the whole world about you

I want to tell the world about her
I couldn't celebrate life without her
I'll do anything that I think it takes
I never wanna lose the love she makes
I'll tell the world about her (I'll tell the whole world about you)
I'll tell the world (I'll tell the whole world about you)
I'll tell the world (I'll tell the whole world about you)

I want to tell the world about her
I couldn't celebrate life without her
I'll do anything that I think it takes
I never wanna lose the love she makes
I'll tell the world about her (I'll tell the whole world about you)
I'll tell the world (I'll tell the whole world about you)
I'll tell the world (I'll tell the whole world about you)
