

# Love And Rainy Weather

Tony Christie

Don't you worry  
Love and rainy weather  
May sound funny  
But they go together fine  
Every single time

First, you're out there  
On another plane  
And then you're nowhere  
And the tears are raining down  
It's a runaround  
Love and rainy weather  
Sure can get you down

And you'll find sometimes  
Love and rainy weather  
Entered our time  
Getting wet together's fun  
When the playing's done  
Love and rainy weather  
Are followed by the sun

When the playing's done  
Love and rainy weather  
Are followed by the sun
