## **Wind Beneath My Wings**

## **Tony Christie**

The wind beneath my wings It must have been cold there in my shadow To never have sunlight on your face You were content to let me shine You always walked a step behind I was the one with all the glory While you were the one with all the strength Only a face without a name I never once heard you complain You'll never know that you're my hero You're everything I would want to be. Well I can fly higher than an eagle Cos' you are the wind beneath my wings. It may have appeared to go unnoticed But I've got it all here in my heart. I want you to know I know the truth. I would be nothing without you.
