

No matter how we try  
To save us again  
I'm not your [?]  
We feel there's insert of pain  
No matter what you do  
To bring me back to you  
The best has got away  
We feel there's insert of pain

Some things inside of us  
Are burning other memories  
And looking further back  
That leads to a kind of happiness  
Some things inside of us  
Are burning other memories  
And looking further back  
That leads to a kind of happiness

Happiness for happy us  
Happiness for happy us  
Happiness for happy us  
Happiness for happy us

Some things inside of us  
Are burning other memories  
And looking further back  
That leads to a kind of happiness  
Some things inside of us  
Are burning other memories  
And looking further back  
That leads to a kind of happiness

Happiness for happy us  
Happiness for happy us  
Happiness for happy us  
Happiness for happy us
