

# Black Oblivion

Tony Iommi

You ask me why  
I'll tell you die  
My head is full of lies  
And I am beyond high

You don't know just what I'm waiting for  
Acid burns my skull as blind as snow  
Black oblivion drags me ever towards  
I dream tomorrow till tomorrow is nevermore

Voices tell me strike the match and burn it all to hell  
Voices tell me I could watch if I promise not to tell

You don't know just where I want to go  
The cross won't save you from your fallen soul

Drive slow motion firewall  
Candy apple fuse  
Emotions are unattached as demons are amused

Family spins the circle  
Nerves are growing cold  
Shotgun to the temple  
Nausea down below  
No more talking backwards  
Or fists to the heart  
Blacklight tries to capture  
One more superstar

No more lines to cross  
No more lines, I'm lost

No more lines, I'm lost

You don't know just where I want to go  
Acid burns a hole right through my soul  
Black oblivion, my long lost friend  
Lord forgive me for I have sinned
