

Boot Money

Tony Joe White

Workin' real hard
Buck fifty a week
Always had a job
But I couldn't find no winning streak
No, no

Put a little money in my pocket
The rest down in my boot
I may be a poor man
But I always got some loot
I got boot money
I got boot money

Workin' real hard
Buck fifty a week
Always had a job
But I couldn't find no winning streak
No, no

Put a little money in my pocket
To rest down in my boot
I may be a poor man but I always got some loot
I got boot money
I got boot money
I got boot money
I got boot money

Boot money
Boot money
I got boot money
