

Hold On To Your Hiney

Tony Joe White

Babe, I love the way you move your thing
Can't take my eyes off of you
And everytime I see you doing your dance
I swear you're gonna shake something loose

You better hold on to your hiney
That's what you better do
You better hold on to your hiney
For that funky music breaks it in two

I can tell you really like to do it
And you make me wanna scream
And when you get your body into it
Auw, auw, auw, you sexy thing!

You better hold on to your hiney
That's what you better do
You better hold on to your hiney
For that funky music breaks it in two

Yeah yeah yeah

Ain't nothing in the world like a smile
Especially when it's aimed at you
And girl you're just about to drive me wild
Moving that thing the way you do

You better hold on to your hiney
Yes you do
You better hold on to your hiney
For that funky music takes it away from you

Hold on to your hiney
Hold on to your hiney yeah
Hold on to your hiney yeah
Hold on to your hiney yeah
