

# I Want You

Tony Joe White

We're on!  
Now let us get ourselves together man  
Just cause'n we're paying for it, no sign we can't get it down  
together  
Man get me down  
'Cause when I say it this time  
We're goin' to go right on through it  
(I even got that! I'm ahead of ya)  
No man uhu ha-ha-ha  
You'd think after all this time  
Somebody'd come pick up this trash  
Ungr

I've been tryin' hard to get to you  
But it seems that you don't wanna be got to  
Baby baby baby, I could make you feel good  
Let me whisper in your ear so it's understood  
I want you, I want you, I want you

Honey, I know it's our first time together  
And I don't mind playin' your funky game  
But baby, I'm havin' a hard time gettin' myself together  
Let me come right out and say it plain  
I want you, I want you, I want you  
Ungr ungr ungr

I'm gonna get you  
I'm gonna get you now  
I got to have you  
Ungr ungr ungr ungr  
I want you, I want you, I want you, I want you  
I got to have you  
Baby, I need you  
You make me feel good  
So good  
I want you...
