

Rich Woman Blues

Tony Joe White

Got a telephone call this mornin'
My baby wrecked her Mercedes Benz
She called me up this mornin'
Totaled out her Mercedes Benz
I said, "As long as you're alright
Baby, that's all that matters
Let 'em tow the thing on in"

This woman got a three-bedroom condominium
A little place down in Florida
A three-bedroom condominium
A little ranch down in Texas
She says them oil wells are so much fun

Sometimes she give me money
'Cause she knows I hardly make enough to eat
I don't mind tellin' y'all she give me a little money
'Cause she knows I hardly make enough to eat
She knows a man that play the blue
Livin' one step from the street
