

Taste Like Chicken

Tony Joe White

Thanksgiving day in Alabama
A swamper puts some food on the plate
And when I asked him about the mystery meat
He just grinned and said somebody won't see their shadow today

Taste like chicken
Taste just like chicken

Way down in south Louisiana
They got that Mardi Gras
And everybody knows about the music
And that spicy food they cook it if it swims flies or crawls

Taste like chicken
Taste just like chicken

If you're ever on a round-up down in Texas
You better watch your step
Them cowboys got a thang they call Diamondback stew
And they thrown it in the pot even the rattler on the tail

Taste like chicken
Taste just like chicken
Yeah uhhh

I might be mistaken but what time is it

Taste just like chicken

Taste just like chicken
