

What A Strange Thing Love Is

Tony Martin

What a strange thing love is, first it gets me high,
But then I'm fallin' to the ground yeah.
What a strange thing, love is, wanna to hold you close,
But then I'm leaving, you behind.

What a strange thing,
Oh it's a strange thing,
Oh I can't do without lovin' you.
But you leave me feelin' down and blue,
What a strange thing,
What a strange thing,
Oh I can't do without lovin' you,
But when I do you make me black n blue.

What a strange thing love is, when you're far away, I feel so
lonely, it's so cruel.
What a strange thing love is, I can't get enough,
But then I'm holding, someone new, yeah.

What a strange thing, it's a strange thing,
I can't do with out lovin' you,
But you leave me feelin' down and blue,
What a strange thing, It's a strange thing,
I can't do without lovin' you,
But when I do you make me black and blue yeah.
What a strange thing, oh it's a strange thing
I can't do without lovin' you.
But you leave me feelin' down and blue,
What a strange thing, It's a strange thing,
I can't do without loving you,
But when I do you make me black n blue.
What a strange thing, strange thing it's a strange thing, stra
nge thing
I can't do without lovin' you,
But you leave make me black and blue,
What a strange strange thing, strange thing ooh, it's a strang
e thing,
Oh I can't do with out lovin' you but,
When I do you make me black and blue.
