

Gimme a Good Old Mammy Song

Tony Orlando & Dawn

There are songs that make me happy
There are songs that make me sad
But the songs that mean the most to me
Are the best friends I've ever had

Gimme a good old mammy song
One that I can sing down on my knee
Gimme a good old mammy song
With an old fashioned melody

One that says I've been away and I've been blue
One that say I'm coming home to Y-O-U
Gimme a good old mammy song
And mammy I'll sing about you

Gimme a good old mammy song
One that makes you cry a happy tear
Gimme a good old mammy song
One that really gets you way down here

One that says I've been away and I've been blue
One that say I'm coming home to Y-O-U
Gimme a good old mammy song
And mammy I'll sing about you

Just to see a smile again would fill me with joy
Oh mammy mammy don't you know me
I'm your little boy

Hey gimme a good old mammy song
And mammy you know what I'll do
Oh mammy I'll sing about you

Best believe it mamma
