

Boys And Girls

Tony Toni Toné

If that's your man
I'm not impressed
You did your best
But you failed the test
It's him you'll kiss
But me you'll miss
So here's a tip
You'll never feel no lips like this

Boys and girls will all be watchin'
When I step in the room
I'll be comin' round the corner
To get one last peek-a-boo

You made your choice
You made it quick
This time next year
You might need my
Here goes my card
So call me soon
I know you will
'Cuz we just kissed in the back room

Girl I want to be your everything
Just like a fantasy
Girl I'm not gonna be no memory
I got to be your only fantasy
