These haters can't stand that I'm up  
These haters can't stand that I'm up  
These haters can't stand that I'm up  
These haters can't stand that I'm up  
The kitchen is my comfort zone  
Constant ringing on my fucking phone  
The kitchen is my comfort zone  
The kitchen is my comfort zone

You need some flowers for the witnesses  
In the trenches niggaz better learn to squeeze  
Silly bitches keep laughing at my cell phone  
My Boost mobile make ET phone home  
2015 cap truck with the peanut butter seats  
Turn that work to peanut butter, put it back on the streets

These haters can't stand that I'm up  
These haters can't stand that I'm up  
These haters can't stand that I'm up  
These haters can't stand that I'm up

The kitchen is my comfort zone  
Constant ringing on my fucking phone  
The kitchen is my comfort zone  
The kitchen is my comfort zone

Dishonored names got your bitch raped up  
They hate it when I'm up  
They hate it when I win  
My passport stamp  
I'm going in the wind  
... I win bitches with buck 50

Okay now fuck with it  
You want it hard  
You got to come and get me  
I'm not losing  
The bullshit that you're not doing  
You might catch me with these couple of pounds  
But I guarantee, it will ruin some bricks  
No show days, but I've been...  
I get round and round but with no insurance  
My son is over 16  
I'm a fucked up parent  
Oh, cut that nigga  
You said I can get it without delay  
And I'm not hearing what she says  
And I put that bitch on the free-way  
Oh, cut me up the plug, cut me in  
Cut it out and cut it up again  
I never said that you can't be brave  
Right now I'm just on the cheer mode  
Honestly, I don't need one  
Your boy in adversity
