

## Novocaine (feat. Bad Omens)

Too Close To Touch

Do you remember the way  
You used to tell me it's okay?  
'Cause I can't remember  
Those days  
Those days

Overthinking the past  
Where'd it slip away  
Safe to say that the new me's here to stay  
Can I catch the way the sickness came  
Stole my pain  
Novocaine yeah  
I succumb  
It keeps me numb  
It's not alright  
It's not alright  
It's not okay

Trying to feel like I'm alive  
How many times have I survived  
But I won't change  
Trying to feel like I'm alive  
But you know  
You know  
I know you couldn't change me anyway

And I can't find the words to say  
I'm a helpless mess  
How can I stress  
A symptom slips right through my veins  
Catch the way the sickness came  
Stole my pain  
Novocaine yeah  
I succumb  
It keeps me numb  
I'm not okay

Trying to feel like I'm alive  
How many times have I survived  
But I won't change  
Trying to feel like I'm alive  
But you know  
You know  
I know you couldn't change me anyway

If you still want to sing  
Fill in the blanks we need, you can do it through me while you're gone

In time the price of peace will cost us everything  
But all the love you leave carries on

So you can sing while you're away  
Tell me the words you want to say  
Give them to me and I'll relay  
But know it just won't be the same

Trying to feel like I'm alive

How many times have I survived  
But I won't change  
Trying to feel like I'm alive  
But you know  
You know  
I know you couldn't change me anyway  
But you know  
You know  
I know you couldn't change me anyway
