

Off And On

Too \$hort

Yeah

You say that you're through
I say that I'm through
I hang up, now I'm so mad at you
Super attitude
You call back, now everything is cool
Like we started new
I'm so, I'm so, I'm so in love wit' you
That's just how we do (How we do)

Get money, baby, that's all we do
We ain't never through, we gettin' on a loop
When you mad at me, I get mad too
But I don't call it quits, I just play it cool
'Cause you mine, girl, this ain't nothin' new
I just got your text, it said, "What's up wit' you?
When you comin' through? I'll be there soon
And don't call my phone askin' what I'm doin'"
I send you on them routes to pick up thousands
First class flights, exotic islands
You would've been gone if you didn't want me
I ain't going nowhere, we still gettin' that money

You say that you're through
I say that I'm through
I hang up, now I'm so mad at you
Super attitude
You call back, now everything is cool
Like we started new
I'm so, I'm so, I'm so in love wit' you
That's just how we do (How we do)

Everyday and all night
You got me sit in your ride
Top down, sittin' lowkey
Eatin' candy, drive-in movie night
Keep doin' that and I'll pay it
Don't mind that I'm stayin'
'Cause you know that I'm for it
And you know that I'm 'bout that life
I'll have you right back, right
You my new dude, you got me goin' cuckoo
Like Goku, let's [?]

You say that you're through
I say that I'm through
I hang up, now I'm so mad at you
Super attitude
You call back, now everything is cool
Like we started new
I'm so, I'm so, I'm so in love wit' you
That's just how we do (How we do)

Off and on wit' you
Off and on wit' you (I'm so, I'm so)
Off and on wit' you

Off and on wit' you
Off and on wit' you
Off and on wit' you
Off and on wit' you (I'm so, I'm so)
Off and on wit' you, that's just how we do

Yeah
Yeah, yeah, yeah
We ain't playin', telephone, you better pick up
Better pick up
Better pick up
Pick up
What's up Lexy?
