

Only Dimes

Too \$hort

Eh...eh...eh...

Looking for Tati, Sienna, Adina, Savannah

Looking for Roxy, Shaquita

If you in The Bay, I'll come meet ya

If you in The A, I need ya

I'm a fiend for Anita

Looking for the bad, and the baddest

On a Monday, like we in Magic, hey

Every big film needs a supporting cast

She know she ain't the one but she supporting that

Room service bottles, I'ma order that

She got a bomb ass pearl but it's more than that

She knows what it is and she play her role

Every girl's not built for it, it takes a toll

She hops on top and she take control

And it's between us, she won't tell a soul

Our secret, it's how we keep it

Not everybody's business who I sleep with

Poppin' Dom P, I ain't drinking cheap shit

It's G and Too Short, every bar got a bleep in

Album 25, it's The Pimp Tape

Ask the OG: "How long did this take?"

He said, "It's an Oakland thang"

Then he sparked another one to, smoke it, mayne

Looking for Tati, Sienna, Adina, Savannah

Looking for Roxy, Shaquita

If you in The Bay, I'll come meet ya

If you in The A, I need ya

I'm a fiend for Anita

Looking for the bad, and the baddest

On a Monday, like we in Magic, hey

She's on my line, and that's good to know

And she's a bad one, so that's good for \$hort

She's ready, and I'm wit' it

Got the Uber on the way, I'll be there in a minute

We can hit the bar and have a few drinks

Get in the zone, tell me what you think

About my lifestyle, it's quite wild

I like to use Magnums, no Lifestyle

I hope I don't scare you with how I'm living

I'm all around the world with beautiful women

I can't help that, I'm a player

And if you still on my line, hit me later

Then we can chill all the time, anywhere

Make a lot of noise, let 'em know when we here

Pulling on your hair, slap you on the rear

You see me with my other girl, you don't care

Looking for Tati, Sienna, Adina, Savannah

Looking for Roxy, Shaquita

If you in The Bay, I'll come meet ya

If you in The A, I need ya

I'm a fiend for Anita

Looking for the bad, and the baddest

On a Monday, like we in Magic, hey

The kind of girl I only fuck with: dimes
And I'm tryin' to fuck all the time
Are you a freak, shorty? What's your sign?
I bet you I could make you mine
First, I'ma put you on that D'Ussé
And then I'ma front up in that pussy
Girl, I need you on my line
I only fuck with dimes
