I ain't the one to be makin' it rain  
But every damn day I be grippin' on grain  
A hundred and seventy karats in my piece and my chain  
I like knowledge but I love good brain  
Never been to college but I got a degree  
In breakin' a bitch, I got a Ph.D  
I remember '98, Atlanta gentlemen's club  
Buyin' out the bar, smokin' light green drugs  
Free Big Meech, nigga; break a Georgia peach, nigga  
First verse upfront, ain't no speech, nigga  
She jump in the Lambo, money from my pocket  
Fuckin' 'round with me, I knock your pussy outta socket

Show me whatcha workin' wit', bitch, whatcha got

She wants that real love  
Somethin' better, 'cause she don't really feel much  
With that nigga, he don't really freak her tough  
She said he can't go deep enough  
I don't give a fuck about him or that bitch  
She all in my face tryna give me that shit  
So hit that, then I give it back  
She let me fuck when I want with no strings attached  
Like a slave, he owns his wife  
Keeps her locked in the house, she lives a lonely life  
Never let her out and never says he loves her  
Won't even fuck her, barely even touches her  
The bitch was sad when she told me all about it  
I'm straight from The Town so you know I started poundin'  
You mad at your man, what you want me to do?  
Give you some dick? Well, bitch, come on through

Show me whatcha workin' wit', bitch, whatcha got  
I really wanna fuck witcha, bitch, whatcha got  
I said show me whatcha workin' wit', bitch, whatcha got  
I see you bendin' over, young bitch, whatcha got
