

# Ya'll Ready

Too \$hort

BEITCH!!

Take your clothes off for me, right now  
Shake your ass break it down, to the ground  
Bring it up spin around, right now  
Is y'all ready for me?

It wiggles when she shakes it  
You said "Leave her alone, that's Jake's bitch"  
I said "Motherfuck Jake!  
I'll take his lil' bitch and I'ma fuck her in the face"  
Cause I'm a Oakland nigga, Eastside nigga  
If she don't want me, you can keep my bitch  
and I'ma take yours, and put her to work  
I kicked her in the ass with my foot and it hurt  
But don't trip - you woulda did the same  
if she was actin lame, that's how it is in the game  
This ain't a party, you wanna live it up?  
They call me Short Dawg, I don't give a fuck!  
It's real pimpin in the air, you can feel it all around  
Don't take me too long, to pull her drawers  
I'm Too \$hort - I never could fake it  
Come around me I'll say "Bitch get naked"

I came back through the club just to see you groove  
And I don't wanna hear nuttin about your dude  
I just wanna get you wet an', hot and all sweatin  
And I can't dick you all night LONG if you let me  
Roll your ass over and tap your butt  
It's a Fillmoe' nigga all in them guts  
Checkin neckbones and brains, "I'll be back" like Arnold  
68 position, now we fuckin like a porno  
Asshole naked, nothin on but stilettos  
Hotter than an iron when it's clappin with that metal  
You screamin out loud on fire like a kettle  
She ridin like a thug when he shoot through the ghetto  
And I don't need a beat, I can do it acapello  
Get your eagle on! And I'ma show you how to spread 'em

Rich, Rich, uhh  
If she bitch she fuck, she suck she squirt  
Fuck her good enough you can put her work  
Rollin, spinnin, but not in reverse  
On some Russell Red shit, nigga stay in her purse  
You broke her bag, I emptied it out  
Freak nasty, bitch like spits in her mouth  
The pussy was wet, the head was dry  
Bitch play wit'cha kids, look I'm not that guy  
Child please! Hit her with that A Phi game  
She went up the poll, and back down she came  
Heard that pussy drinkin, smoke Black & Milds  
Now which one of you niggaz gave this bitch a child?  
It's a cold cold world, these hoes is pros  
Mad cause I attached gold spokes to Vogues  
Mack Most to stay up, \$hort stay down  
Rich'll represent the town and make a bitch lay down
