Tool

Shadows, Shining skin  
I've been looking  
Scars again?  
Up down  
Digging through  
My own mussels  
For a clue

I've been crawling on my belly  
In and out, it could've been  
I've been walling in my own confussion  
Insecure illusions  
Well based across the order  
Well work to got me in  
I wanna feel the change is comming down  
I wanna know what I've been hiding
